

Instructions for filling out Player Rating Form

Please write legibly and use PENCIL only!

1. Circle gender and write age group below gender.
2. Write coaches full name and date.
3. Fill in players' **FIRST** and **LAST** name in the spaces provided on the bottom of the form.
4. Decide who your most skilled player is; rate that player first and then rate the remaining players on your team down from the most skilled player.
5. Using the rating guidelines in the left hand corner, rate each player in each category. Based on the guidelines, there shouldn't be many 5's or 4's; typically, APP players will have ratings of 3's and 4's and the upper division players (U10-U19) will have 2's and 3's, while lower division players (U5-U8) are usually around 2's and 1's. Please do not go over the maximum player rating, in the top right hand corner, for each age division.
6. Total the combined 8 categories at the bottom of the page, below each player's name, IN PENCIL.

Please bring this Player Rating Form with you to the ***Mandatory Coaches Meeting*** on ***Saturday November 3rd at 6pm at Balearic Center.***

We will split each division up into groups where you will have a chance to go over the player ratings with the other coaches in your division. This is a good time to adjust ratings and get to know your fellow coaches before playoffs!

Once the player ratings are completed, we will go over the playoff rules, pick new team numbers for seeding and finally, get your playoff game schedules!
